# **NOTES:**

# STANDARD CODE OF RULES – DEVON FOOTBALL LEAGUE

This document contains the Standard Code of Rules developed by The Football Association for open age football (the “Standard Code”).

The Standard Code is mandatory for all Competitions at Feeder League status of the National League System and below, and The FA Women’s Pyramid excluding FA Women’s Super League and FA Women’s Championship.

Competitions seeking sanction must draft their Rules in conformity with the Standard Code, using the same numbering and standard headings.

The mandatory rules are printed in normal text and the optional rules in italics.

It should be noted that in many cases rules are so printed because they are alternatives and the procedure to apply should be retained and the others omitted.

In all cases where a [ ] is shown the necessary name, address, number or wording to complete that rule must be inserted.

Competitions may add to the core of the Standard Code, which is mandatory, providing the additions are approved by the Sanctioning Authority and do not conflict with the mandatory rules or any relevant principles and policies established by The FA. Guidance from the Sanctioning Authority should be sought in advance if there is any doubt as to the acceptability of additional rules.

## 1 DEFINITIONS

(A) In these Rules:

**Affiliated Association** means an Association accorded the status of an Affiliated Association under the rules of The FA.

**Area Feeder Leagues** shall mean Devon & Exeter Football League, South Devon Football League, North Devon Football League, Plymouth & District Football League or a Devon based Club playing in the East Cornwall League

**AGM** shall mean the annual general meeting held in accordance with the constitution of the Competition.

**Club** means a club for the time being in membership of the Competition.

**Club Portal** means the system used by clubs to affiliate teams as determined by the FA from time to time.

**Competition** means the Devon Football League.

## RESPECT

Respect is The FA's response to a clear message from throughout the game, that the health of football depends upon high standards of behaviour on and off the pitch.

- Respect is a behavioural code for Football
- Respect is about recognising that the integrity of the game is more important than the result of the match
- Respect is For ALL and plays a key part in uniting the game
- Respect is about creating an understanding of what is acceptable and unacceptable behaviour in Football
- Respect is about those involved taking responsibility for the consequences of their own actions

- Respect is not a slogan. It is a collective responsibility of those involved in football to create a safe, fun and inclusive environment in which the game can take place.

The following Respect Codes of Conduct outline the types of behaviour that will support a safe, fun and inclusive game in this country. They also identify a range of sanctions which may be taken if these codes are not abided by.

## REFEREES, GUIDE TO MARKING

The mark awarded by a club must be based on the Referee's overall performance. It is most important that the mark is awarded fairly and not based upon isolated incidents or previous games. The Referee's performance should be determined by the table below which should act as a guide for the overall mark which should fall within the mark range for each standard of performance.

<b>Mark Range</b>	<b>Comment</b>
100-86	The Referee demonstrated very accurate decision-making and controlled the game very well using management and communication skills effectively to add value to the game.
85-76	The Referee demonstrated accurate decision-making and controlled the game well using management and communication skills to contribute positively to the game.
75-61	The Referee demonstrated reasonably accurate decision-making and despite some shortcomings generally controlled the game well.
60 and below	The Referee demonstrated shortcomings in the accuracy of decision-making and control which affected the game.

### Notes

- Club officials should use the full range of marks within each category to help distinguish between different performance levels. e.g. within the 85-76 category a mark of 84 indicates a better performance than a mark of 77.
- While some Referees may have below average performances, there will usually have been some positive aspects of their performance, so extremely low marks should be very rare.
- When club officials are marking a Referee, they should always look at the game as a whole and not isolated decisions. The result of the match should not influence the mark and disciplinary action should be judged objectively.
- When a mark of 60 or lower is awarded, an explanation must be provided to the Competition using the box provided on the marking form. The purpose of this is to assist Referees to improve their performance levels, so the comments should be as helpful as possible.

### GUIDANCE FOR COACHES

It is acknowledged there is a significant amount of further research required which will inform further iterations of this guidance. The aim of this guidance is to reduce overall exposure to heading without compromising development of technique and the role heading plays in the (English) game. The role of the coach in supporting players' skill development for heading is to ensure a safe and controlled technique. It is recommended when designing heading related activities these points are considered:

- What is it that occurs in the game that you are preparing the players to do? What is the best way to prepare the players to do this?
- How often do the various types of heading occur in the context that your players play?
- Quality v Quantity - Ensure you focus is on the technique of heading, rather than the volume of headers.
- Different types of headers results in different impacts on the head. The focus for the coach is to support their players in developing safe and controlled technique for both attacking and defensive headers, including contested and uncontested headers.
- A recent study in the professional game observed that headers completed following a longball and cross (over 35-45m distance) were likely to result in the highest loads on a player's head. Therefore, coaches should consider this when practicing set plays such as corners and final 3rd free-kicks and attacking play.
  - Wherever possible limit the number of headers carried out when a player takes more than three steps and runs onto a ball or dives for a ball.
  - Practice technique using thrown passes to reduce the potential load on the head.
- It is important to ensure that the balls used are appropriate in terms of "wear and tear", ensuring the surfaces are smooth and no water is being held, which would make the ball heavier.

### ADDITIONAL RESOURCES

**Video** - Examples of heading practices, guidance on the technique, key principles for coaches to consider and showing the different types of headers. Videos to be available before the start of 2021/22 season

### GAME CONTEXT

It is recognised that in Adult football there will be a more visible tactical use of restarts, resulting in potentially an increased number of headers. Please consider how you plan these activities limiting the opportunity for repetitive heading of certain players.

There are key factors to consider when introducing the technique of heading as part of a balanced programme, which include:

- Judge and adjust to the flight of the ball
- Attack the ball at optimum point
- Head contact and ball contact to control direction and distance of the ball

Different types of headers will be more prevalent in certain positions, so coaches should introduce position specific training and support. Players playing in certain positions will head the ball more often, coaches should be aware of this and therefore plan accordingly to ensure players aren't exposed to long periods of repetitive heading.

### RECOMMENDATION

#### LIMITING HEADING IN TRAINING

These recommendations have been developed to protect players welfare. As further research is undertaken this guidance will be reviewed and updated to reflect increased understanding.

It is recommended that heading practice is limited to 10 headers per session and only one session a week where heading practice is included. Players should be responsible for monitoring their own heading activity.

## RECOMMENDED PROCEDURE FOR THE GUIDANCE OF CLUBS IN DETERMINING THE SUITABILITY OF GROUNDS IN ADVERSE WEATHER CONDITIONS

### **RULE 23(D)**

**The appointed referee shall have power to decide as to the fitness of the Ground in all Competition Matches and that decision shall be final, subject to the determination of the Local Authority or the owners of a Ground, which must be accepted.**

Where the HOME Club think there is a possibility of a postponement a Referee should be called in to make a decision in the following order of availability -

- 1) the Match Referee (subject to time and travelling distance)
- 2) another more local Referee who must not be connected with either club.

Prior to reaching his decision the Referee who is making the inspection should consider the following:-

- Consultation on the telephone with the Match Referee prior to the inspection
- Consultation on the telephone with the Match Referee after the inspection to mutually agree on a decision prior to notifying the HOME club.
- The existing condition of the playing surface in conjunction with the prevailing weather conditions as previously confirmed with the MET Office.
- The views of the HOME club groundsman in terms of local knowledge and draining capabilities.
- The manpower available to the HOME club to carry out any necessary work to make the ground playable.
- The time the visiting club are due to commence their journey.
- Whether or not the ground is dangerous, e.g. frost is dangerous but water isn't.
- Whether or not conditions are, or could turn farcical, e.g. excessive water on the pitch combined with a forecast of continued rain.
- In the event of fog check with the MET Office website re possible clearance, also bearing in mind the visitors travel arrangements if the fog is known to be widespread.

If a decision is still in the balance after considering the above, then also consider:-

The time, distance and cost of the visiting teams travel.

If, after consultation with the Match Referee, the ground has been declared fit and the clubs instructed to travel, then only in exceptional circumstances should the Match Referee reverse this decision.

If an early inspection has not been carried out and the Match Referee arrives at the ground to find the playing conditions in doubt due to an unexpected deterioration in the weather, the Match Referee should first consider all of the above points before making a final decision.

If **fog** is the problem then the Match Referee should also consider whether or not a **spectator** will be able to view the whole of the game & should consult with the two clubs under such circumstances. Remember - there are far less problems with a postponed game if the visitors have not travelled.

**PAYMENT OF REFEREE** If a local Referee is called in to inspect a pitch no fee is payable, although travelling expenses will be paid when actually incurred. Should the Match Referee attend to inspect the pitch ½ fee and travelling expenses, will be paid if the game is postponed. If the game is played normal fee and expenses shall be paid, although additional travelling expenses should be paid to the Referee if incurred.

**NOTIFICATION OF POSTPONEMENT** Upon reaching the decision to postpone the game, the HOME club must immediately inform the following:-

- AWAY Team • Assistant Referee (if appointed)
- Devon Football League – Fixtures Secretary (Chris Cole – 07899981396), giving details of who carried out pitch inspection.
- Within 5 days complete a Postponement Form & send to the League Fixtures Secretary (Not if Rule 23D is relaxed)

**RULE 23(D) DISPENSATION** If the weather conditions/forecast is such & the League Rule 23(D) is relaxed then a game can be postponed at the discretion of the HOME club after receiving the dispensation. If dispensation is granted there is no need for an official inspection neither a Postponement Form. In this case the earliest the decision to postpone can be made is 12 noon on the day prior to the scheduled date of the game whilst the latest is 11.30 a.m. on the day of the game.
